

Two for Tuesday

These two videos take a look at soil health globally and nationally.

#1 Produced by The World Agroforestry, this short video of other countries, recognize the urgency to attain healthy soils. [Healthy soil is key for functioning ecosystems](#) all across this planet.

#2 [Hope in Healthy Soil](#) a seven-part video series produced by USDA's Natural Resources Conservation Service "explores how an increasing number of farmers throughout the country are creating a new hope in healthy soil by regenerating our nation's living and life-giving soil."
