

## **DIRECTORS**

### **Joseph Thompson** (Chair) – City of Charlottesville (elected)

(Director since June 2016) – After serving as an Associate Director for the TJSWCD, Mr. Thompson was appointed as a full Board member in June 2016 and reelected in 2019. He brings over 35 years of experience in the planning and implementation of conservation and environmental restoration programs, working 30 years with the USDA Natural Resources Conservation Service (NRCS) in Oregon, California, Nevada, and Virginia, retiring in 2007. He also recently was the Landowner Advisor for the Potomac Conservancy and the Conservation Easement Specialist for the Northern Neck Land Conservancy. Currently he is the sole proprietor of Smarts Creek Enterprises LLC, providing consultation services for analysis, design, and implementation of natural resource conservation projects, organic agricultural production, and conservation easements. Joe is also the field advisor for a 120-acre grain farm producing both organic and conventional wheat, rye, and soybeans.

### **Stephen J. (Steve) Lucas** (Vice Chair) – Louisa County (elected)

(Director since April 2019) – Steve and his wife Margaret operate Mountain View Farm, a cow/calf and timber operation in western Louisa County. Steve received a BS in Agronomy from Virginia Tech, and has worked in the natural resource conservation field for over 40 years. His experiences include working for the USDA Natural Resources Conservation Service in several locations around the Commonwealth of Virginia, working as a private consultant in Central and Northern Virginia, and applying the principles of managed grazing and sustainable timber management on his farm. He is currently serving as Vice President of Historic Green Springs Inc.

### **Steven G. Meeks** (Treasurer) - Albemarle County (elected)

(Director since January 1991) – Mr. Meeks was born and raised in Albemarle County and Charlottesville. For most of his adult life, he has either worked or volunteered as a public servant, striving always to make his community a better place to live and work. He has researched and written extensively about local history and has taught local history for four decades. He is recognized as a premiere authority on the history of Albemarle, Charlottesville, and Scottsville. He continues to demonstrate his interest, competence, and knowledge of historic preservation through the work he has done and continues to do on historic buildings in the Scottsville Historic District. Steven Meeks was first elected to the Thomas Jefferson Soil & Water Conservation District as a District Director in 1991. He served as chairman of his local board from 1994-1998 and is the current treasurer. He has served as Second and First Vice President of the Virginia Association of Soil and Water Conservation Districts (VASWCD) and as President. He has also served as Vice President of the VASWCD Education Foundation and as VASWCD Area II Vice-Chair. He is the NACD representative member from Virginia and serves on the NACD Presidents Association as Historian. From 2019-2020 he also served on the Virginia Agricultural BMP Technical Advisory Committee. Other affiliations include being Past President of the Albemarle Charlottesville Historical Society. For 11 years he has overseen the operation of the Hatton Ferry, the nation's last hand-poled river ferry as it crosses the James River. He has also served on the boards of the Albemarle County Fair, the Virginia Association of Fairs, the Scottsville Museum, Albemarle County's Road Naming Committee, the Albemarle County Historic Preservation Committee, the Scottsville Planning Commission, the Biscuit Run State Park Advisory Committee, the Scottsville Architectural Review Board, and the Charlottesville Historic Resources Committee and was Chair of the Albemarle County 250th Anniversary Committee and Co-Chair of Charlottesville's Celebrate 250th Committee.

**Carolyn Daughters** (Secretary) – Louisa County (appointed to fill unexpired term)

(Director since December 2020, Associate Director from January 2020 to November 2020) – Carolyn Daughters grew up in the Richmond suburbs of Chesterfield County, then relocated post-college to Northern Virginia for some 30 years before returning to the Central Virginia area in 2016. Her passion for conservation is born of love for the rural spaces of Virginia, which grew in tandem with equestrian pursuits. Starting with riding lessons in Goochland at age 8, she went on to train sport horses and coach riders in dressage and eventing professionally for decades, also judging dozens of dressage competitions throughout the mid-Atlantic region as a U.S. Dressage Federation judges' program graduate with distinction. With a finance career spanning some 30 years, she has "Big 4" public accounting firm, corporate accounting/management through executive level, and broad entrepreneurial experience, managing as principal both a training operation and an accounting practice founded in 1987 and 1993, respectively. A CPA licensed in Virginia, Ms. Daughters holds a BBA from William and Mary and an MBA from George Washington University, then in 2019 received a certificate degree in cybersecurity. She participates in local historical and other community organizations, and with her husband cares for several retired horses at their home in Louisa.

**Mark Campbell** – Nelson County (elected)

(Director since June 2016) – Mr. Campbell is a 1993 graduate of Virginia Tech with a Bachelor of Science degree in Animal Science. He is a Sr. District Field Services Director in central Virginia for Virginia Farm Bureau. In this role, Mr. Campbell serves as a liaison between Virginia Farm Bureau and ten county Farm Bureaus, working with volunteer leaders and staff. In addition, Mr. Campbell works on his family farm in his free time. Deer Creek Farm is a registered Simmental and SimAngus farm, acting as a seedstock producer by selling bulls and replacement heifers to other cattlemen. Agriculture best management practices have been utilized on the farm for many years, and stream exclusion fencing and water troughs have been installed throughout the farm. Managed intensive grazing is a key management practice in the operation. He is a member of the American Simmental Association, Virginia Simmental Association as a director, National Cattlemen's Beef Association, Virginia Cattlemen's Association, Nelson County Farm Bureau, and Rose Union Baptist Church, and lives in the community of Lowesville in Nelson County with his wife and sons. Mr. Campbell was a recent winner of the local Clean Water Farm Award and the state level James River Grand Basin Award.

**David L. Collins** – Nelson County (elected)

(Director since January 2004) – Mr. Collins resides in Nelson County with his wife. Originally from South Carolina, he has been in Virginia for about 40 years, attended Virginia Commonwealth University and received a Bachelor of Science Degree in Civil Engineering from Virginia Tech. He is licensed as a Land Surveyor and Professional Engineer, and has worked in the area and lived along the Rockfish River for over 25 years. Mr. Collins is a member of the Virginia Association of Land Surveyors and the American Society of Civil Engineers.

**Carolyn Daughters** – Louisa County (appointed to fill unexpired term)

(Director since December 2020, Associate Director from January 2020 to November 2020) – Carolyn Daughters grew up in the Richmond suburbs of Chesterfield County, then relocated post-college to Northern Virginia for some 30 years before returning to the Central Virginia area in 2016. Her passion for conservation is born of love for the rural spaces of Virginia, which grew in tandem with equestrian pursuits. Starting with riding lessons in Goochland at age 8, she went on to train sport horses and coach riders in dressage and eventing professionally for decades, also judging dozens of dressage competitions throughout the mid-Atlantic region as a U.S. Dressage Federation judges' program graduate with distinction. With a finance career spanning some 30 years, she has "Big 4" public accounting firm,

corporate accounting/management through executive level, and broad entrepreneurial experience, managing as principal both a training operation and an accounting practice founded in 1987 and 1993, respectively. A CPA licensed in Virginia, Ms. Daughters holds a BBA from William and Mary and an MBA from George Washington University, then in 2019 received a certificate degree in cybersecurity. She participates in local historical and other community organizations, and with her husband cares for several retired horses at their home in Louisa.

**John E. Easter, II** – Fluvanna County (At-Large appointment)

(Director from January 2004 to December 2007, Associate Director from January 2002 to December 2003 and from January 2008 to December 2010, At-Large Director since January 2010) –

Mr. Easter lives in Fluvanna County with his wife and twin sons. He was born in Richmond, Virginia, and has a Bachelor of Arts Degree from UVA and a Master of Science Degree in Aeronautical Science. He runs an expanding beef cattle farm, and has served as the TJSWCD representative to the Rivanna River Basin Commission. He is on the Board of Directors of the Heritage Trail Foundation, and has been active in both the Rivanna Conservation Society and the Fluvanna County Historical Society. Mr. Easter is retired from the U.S. military (Air Force and Army) and continues to fly.

**Enrique Hernandez** – Fluvanna County (Extension Agent appointment)

(Director since April 2022)

**Julie C. Jones** – City of Charlottesville (appointed to fill unexpired term)

(Director since October 2020)

**Angus A. Murdoch** – Fluvanna County (elected)

(Director since January 2016) Angus Murdoch lives in Fluvanna County near Kents Store with his wife, Kristen Parker, and their two young children. They farm part time, raising beef cattle, sheep, dairy goats, and forest products on family land and neighboring properties, where Mr. Murdoch has gained experience with the installation, maintenance, and use of many of the stream protection and water supply improvement techniques supported by TJSWCD and others (while also marveling at the speed and efficiency of natural forest regeneration where stream buffers are simply allowed to grow back on their own). Since 1993, Mr. Murdoch has served on the board of directors of the Rivanna Conservation Society (RCS), and he remains active in the Rivanna Conservation Alliance, which recently merged RCS with the StreamWatch local volunteer-driven surface water monitoring program which combined and greatly enhanced the monitoring efforts of several public and private groups in the Rivanna basin beginning in 2002. Prior to returning to Virginia, Mr. Murdoch worked as a volunteer with environmental restoration and community development NGOs (non-governmental organization) in Southern Africa and Central America and stream restoration and urban forestry projects in the US Pacific Northwest and western Canada. Mr. Murdoch holds a 1992 bachelors degree from the School for International Training, where he majored in environmental studies. Since 1999, Mr. Murdoch has owned and operated Byrd Creek Building and Landscape, LLC, specializing in historic restoration and energy efficient design-build services for new and existing structures.

**Thomas A. Pratley** – Fluvanna County (elected)

(Director since January 2012) – Mr. Pratley and his wife, Phyllis Montellese, reside on a small farm in Palmyra. Mr. Pratley has an Associate's degree in Civil Engineering Technology and worked as a survey crew chief for a Pittsburgh engineering firm. He also served on the board of a small Pittsburgh-area land trust. In 2008, he and his wife moved to Fluvanna County, where they are vendors at the Fluvanna

Farmer's Market. He served on the Fluvanna County Rural Zoning Task Force in 2010. Mr. Pratley is also active with the James River Chapter of the Ruffed Grouse Society as Habitat Chair.

## **ASSOCIATE DIRECTORS**

### **Navarre Bartz** – Associate Director (appointed)

(Associate Director since July 2020, Director from January 2020 to June 2020) – Navarre grew up on a grass-fed beef farm but has become a city-dweller in more recent years. He has a B.S. in Ceramic Engineering from the Missouri University of Science and Technology and a M.Eng. in Materials Science and Engineering from Virginia Tech. He is an at-large appointee to the City of Charlottesville’s PLACE Design Task Force, a member of the Charlottesville Bicycle and Pedestrian Advisory Committee, and contributes to the Albemarle County Solid Waste Alternatives Advisory Committee. Navarre is particularly interested in how healthy soils initiatives can be used to sequester carbon and improve soil health in the region.

### **Kelsey Cowger** – Associate Director (appointed)

(Associate Director since January 2020)

### **Lonnie Murray** – Associate Director (appointed)

(Associate Director since April 2022, Director from January 2012 to April 2022) – Mr. Murray has been involved for many years in local environmental and community planning initiatives, including the Charlottesville Citizens Committee on Environmental Sustainability, Albemarle County Natural Heritage Committee, and Biscuit Run State Park Master Plan Advisory Committee, and was one of the founders of Charlottesville Earth Week. He lives in Albemarle County with his wife and children.

### **Carrie Swanson** – Associate Director (appointed)

(Associate Director since April 2022, Director from April 2007 to March 2022) – Ms. Swanson is a Senior Extension Agent with the Albemarle County office of Virginia Cooperative Extension, specializing in Agriculture, Natural Resources, and Animal Science. Prior to her current position, Ms. Swanson was an Equine/Livestock Extension Agent with Cornell Cooperative Extension in Ithaca, NY. She has also been an Adjunct Professor at Lord Fairfax Community College and a Nursing Technician at Marion DuPont Scott Equine Medical Center in Leesburg VA. Ms. Swanson has an MS degree in Animal Science – Equine Nutrition, and a BS in Animal Science, from Virginia Tech.

### **Mark Wastler** – Associate Director (appointed)

(Associate Director since December 2021)
